ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

Date July 9, 1984

To Erik Voldbaek

From Ken Rone

Copies to _____

Subject Activity Report
Week Ending 7-8-84

1. Hauling kiln waste for land fill. \$3.00/Ton haulage fee.
2. Will submit another Type "G" sample to Dowell. Testing at Inkom indicated all new samples showed short thickening times.
3. Received clinker barge with Type I clinker. Will grind and compare with Type I from Durkee.
4. Richard A. Gabel accepted position as Electrical Supervisor to replace Paul Burton who is rejoining Lone Star. Mr. Gabel will start 7/16/84.
5. Representatives of Mitsui and Y.S. Line visited to observe configuration and unloading process of barge L'Etoile.
6. One reportable accident, no doctor cases. Visitors: S. Clements.
